

Alive in Jesus

Starting in January 2025, there will be two changes to children's Sabbath School. A new course of materials is releasing. Gracelink has served our church for 30 years and a new curriculum called **Alive in Jesus** will begin arriving.

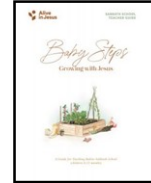

Baby Steps introduces a new age group (0-12 months) to the Sabbath School curriculum. This is a program for parents and their babies. It is a separate, 4 quarter/one year cycle that repeats each year. It is designed to be easily joined by parents whenever their babies are born in the year. *Baby Steps* is not included in the automatic church standing order so ordering must be done with the ABC whenever materials are needed. Once fully released, all the guides for the 4 quarters will be kept in stock at the ABC and may be purchased at any time throughout the year. Teacher's manuals are re-usable.

Pricing:

Parent's Manual: \$9.99

Teacher's Manual: \$9.99

Order from the ABC as needed. Not available on church standing order

Beginners is the first Gracelink age group being replaced. It will continue cycling on a 3-year basis and if you already receive the Gracelink Beginner curriculum on your church standing order, in January you will automatically receive those same quantities in teacher and student lessons but in the new 'Alive in Jesus' Beginner curriculum. In this instance, there is no need to contact the ABC. However, teachers should be looking ahead at the new material to grasp the changes in presentation and flow of the curriculum. If you would like to learn more, contact the ABC for samples, or go online to AdventistBookCenter.com or AliveInJesus.info
